Lobby Attendant

Virtual Front Desk

The Complete Turn-Key Solution!

Visitor Management Software

Enhance your front desk services with the **LobbyAttendant™** solution – the wayfinding and building directory kiosk program from **Advanced Kiosks**. Your visitors will enjoy the ease of a self-service reception with user friendly software.

Our smart technology allows visitors to find their way, search for businesses, departments and employees, call occupants and other selected services.

Kiosk Hardware

Choose from a wide variety of our interactive kiosk models designed to engage and delight your visitors.

Choose options and features for an enhanced user experience including VOIP, languages, news and more!
