HOW CAN KIOSKS WORK FOR YOU?

Interactive kiosks are being adopted by government agencies all over to carry out a variety of different services. Due to our GSA Advantage contract and kiosk models made in the U.S., Advanced Kiosks is equipped to provide your government agency with complete, cost effective solutions. Some potential use cases or a la carte options include:

ACCESS CONTROL

Facial recognition, thermal sensing, ID scans, and security integration.

BILL PAY PORTAL

Convenient and secure way to pay fines, tickets and tax bills.

CEMETERIES AND MEMORIALS

TRIBUTE Software, brickfinder, and wayfinding.

DOCUMENT MANAGEMENT

Access, print, scan, and organize forms.

FORM FILLING

Fill out permit applications, DMV licensing, and registrations.

PROMOTION

Provide a digital billboard for military recruiting and government events.

QUEUING

Reduce wait times and organize lobby check-in.

TICKETING

Ticket printing for local events and functions.

WAYFINDING

Mapping for buildings, parks, and public transit.

BENEFITS OF SELF SERVICE KIOSK SOLUTIONS

Self-service computer kiosks can have a huge impact on your government facility. Save time through automating menial tasks, establish a secure portal for personal information and financial transfers, or even create an attractive welcome center for directions, information and promotional imagery. Some of the main benefits include:

EFFICIENT STAFFING

Lessen the burden on your staff with an autonomous, self-service option.

IMPROVED SERVICE

Keep all your services and features in one easy-to-use station.

INCREASED SECURITY

Lockdown kiosks to the services you offer and keep information safe.

REPORTS & STATISTICS

Generate usage data that can be leveraged to increase effectiveness, identify trends, and track ROI.

REDUCED WAIT TIMES

Save time and resources by automating processes and services.

COST SAVINGS & ROI

Employ a forward-thinking strategy for big-picture rewards.

GSA ADVANTAGE CONTRACT COST SAVINGS

ENSURING YOU GET THE BEST PRICE

As an authorized GSA Advantage Vendor, Advanced Kiosks actively services dozens of government contracts at a significant discount.

WHY ADVANCED KIOSKS?

Advanced Kiosks was founded on the principle of providing turnkey solutions. With nearly 20 years of experience and a team of experts in engineering, software and project management, Advanced Kiosks is equipped to make your kiosk project a success.

3 YEAR WARRANTY ON HARDWARE

Advanced Kiosks takes pride in building self-service kiosks with commercial-grade, American-made, high-quality components.

ADA AND 508 COMPLIANT

All kiosks and software we build come standard with the features needed for ADA and 508 Compliance.

ADVANCED KIOSKS GOVERNMENT CUSTOMERS

KIOSK SOLUTIONS FOR EVERY LEVEL OF GOVERNMENT

Densely populated regions like the Commonwealth of Massachusetts, even the US Army, Navy, Air Force, and Marines have all adopted Advanced Kiosks solutions to help them maximize the valuable work that they do.

RECOMMENDED KIOSK HARDWARE

Kiosk hardware, including the enclosure and its integrated peripherals, can be placed in a high-traffic area to provide goods and services. Here are the kiosk models we recommend, although more models are available. Standard options and upgrades vary per model.

KIOSK SOFTWARE OPTIONS

The heart of every kiosk is the software that it runs. Advanced Kiosks offers a suite of applications and optional software partners to help you get the most out of your kiosk.

KIOSK MANAGEMENT

Powerful suite of kiosk management software tools providing security, administrative tools, VoIP and Video capabilities, and weekly reports and notifications.

TRIBUTES & MEMORIALS

An elegant interactive memorial for fallen heroes. Include burial locations, medals, achievements, photos and biography information.

DYNAMIC QUEUING

Kiosk software solution designed for check-in, processing, and visitor data gathering. Display queue status and notify visitors via text message.

BUILDING DIRECTORIES

Intuitive wayfinding and building directory kiosk software. Customize the look and layout, add pictures and branding, create maps, and much more.

24/7 TRANSLATION & INTERPRETATION

Advanced Kiosks and LanguageLine Solutions have partnered to ensure mutual understanding interactions for your guests by providing live support for over 240 languages, including American Sign Language (ASL).

SOFTWARE INTEGRATION

We understand that you may use third party software, such as accounting systems, databases, credit card processing, office applications, wayfinding, and much more. That is why our team has skilled, in-house project managers to work with you.

ADVANCED KIOSKS SALES PROCESS

From first contact to final delivery, Advanced Kiosks strives to be your trusted partner, providing consultation and industry information to guide your project. Hardware and software production is guided by experienced project managers, and quality assurance through testing and training ensure you receive the product that meets all your needs. The infographic below illustrates how we partner with our customers to design, develop, and deploy their turnkey kiosk solutions.
