

VISUAL GUIDE FOR KIOSK MANAGEMENT

Use this guide as an orientation tool when setting up your Kiosk's interface. It is intended to introduce you to Zamok's customization capabilities so that you can maximize the value of your kiosk solution.

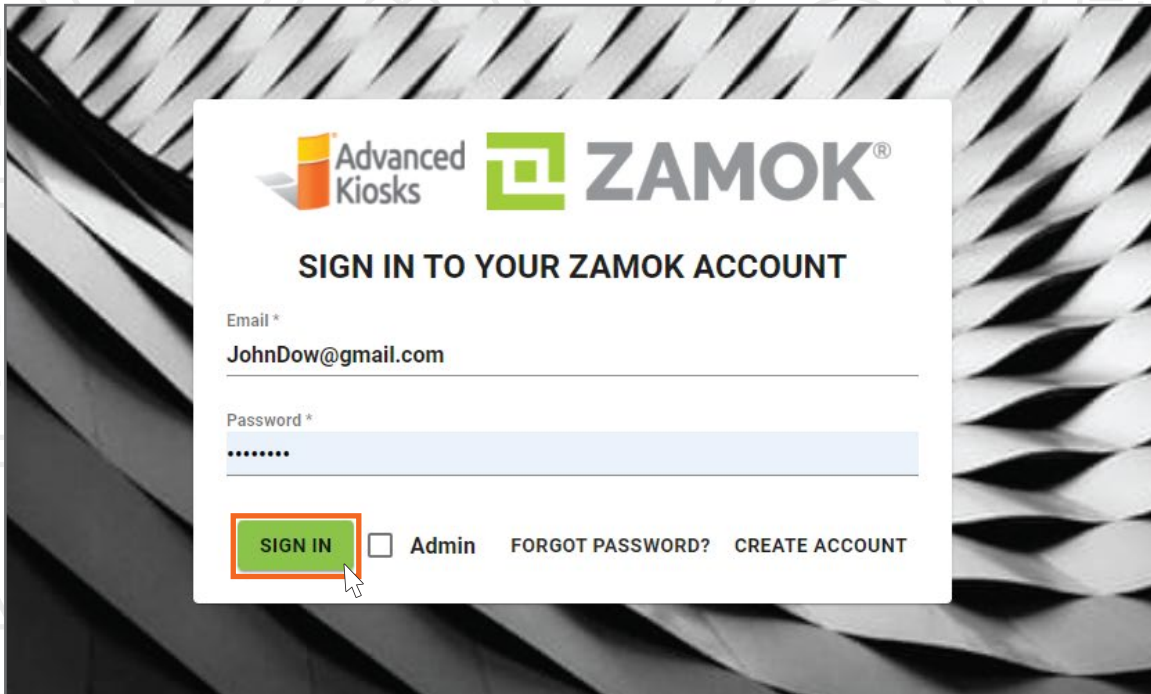

Update Everything Right From Your Desktop!

- Simply point, click & follow easy onscreen directions to customize your Kiosk's interface.
- Instant updates from your PC straight to your Kiosk.

ACCESSING USER DASHBOARD

- 1 Using Google Chrome, visit <https://zamok-dashboard.web.app> and **log in** to your Zamok account.

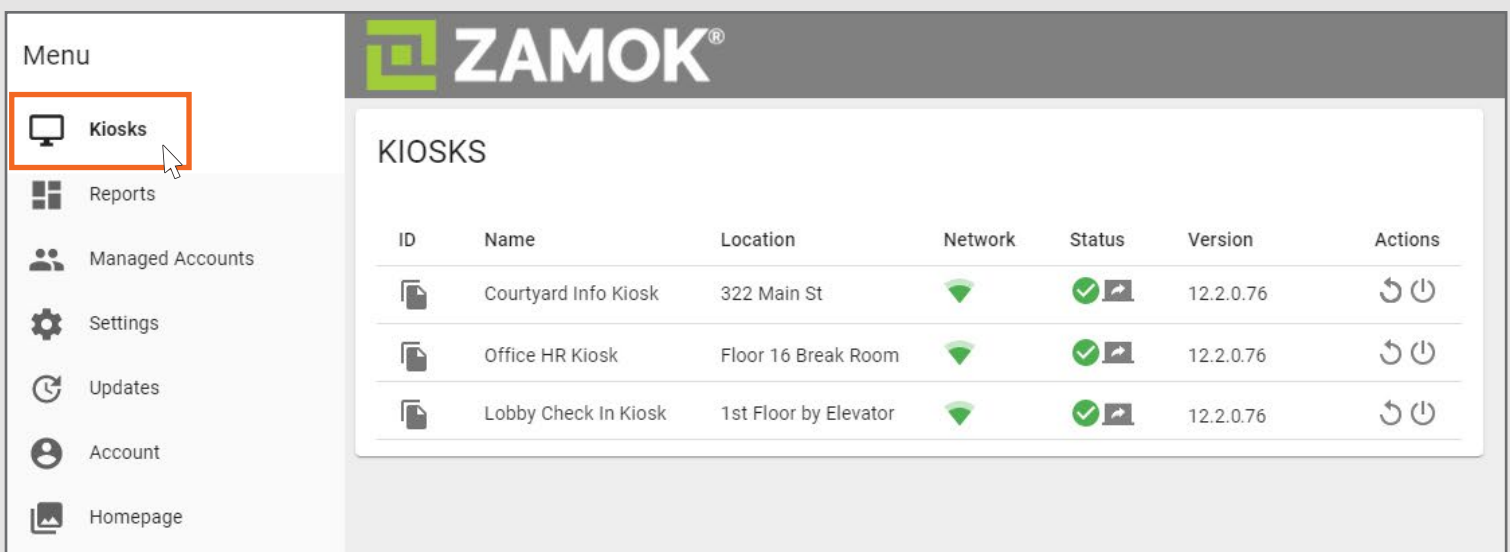

The login screen features the Advanced Kiosks and ZAMOK logos at the top. Below them is the heading "SIGN IN TO YOUR ZAMOK ACCOUNT". There are two input fields: "Email *" with the value "JohnDow@gmail.com" and "Password *" with masked characters. At the bottom left is a green "SIGN IN" button, which is highlighted with a red box and a mouse cursor. To the right of the button are links for "Admin", "FORGOT PASSWORD?", and "CREATE ACCOUNT".

You can log in to your account from any Google Chrome browser on any computer in the world!

- 2 Select **Kiosks** from the sidebar menu to view statuses and control your kiosks.

The dashboard shows a sidebar menu on the left with the "Kiosks" option highlighted by a red box and a mouse cursor. The main content area is titled "KIOSKS" and contains a table with the following data:

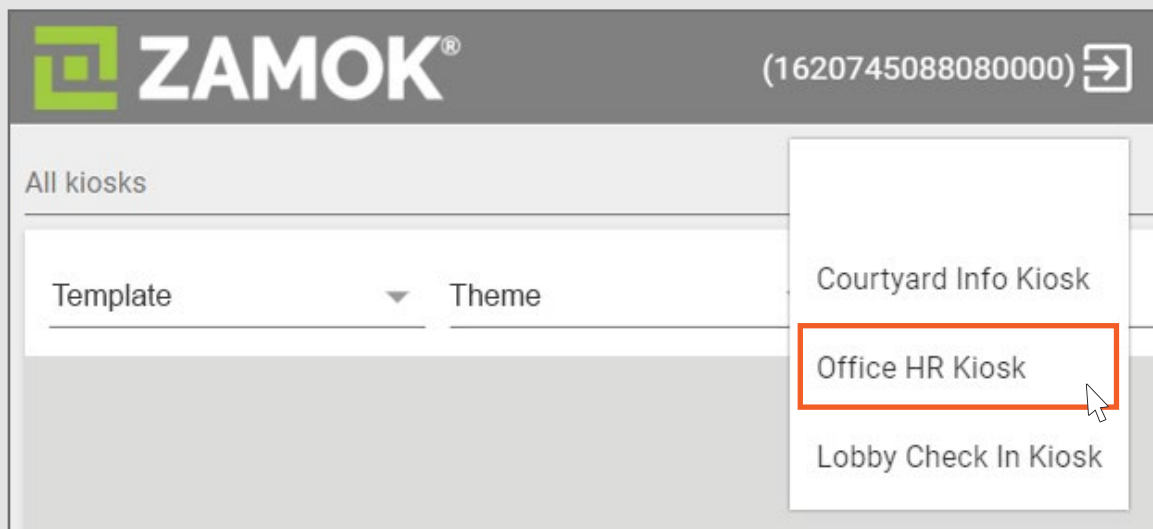

ID	Name	Location	Network	Status	Version	Actions
	Courtyard Info Kiosk	322 Main St		 	12.2.0.76	 
	Office HR Kiosk	Floor 16 Break Room		 	12.2.0.76	 
	Lobby Check In Kiosk	1st Floor by Elevator		 	12.2.0.76	 

CHOOSING YOUR TEMPLATE

- 3
- A Select the **Homepage** tab from the menu on the left-hand side of the screen.
 - B On the top menu bar, click the arrow to open the **All Kiosks** dropdown menu.

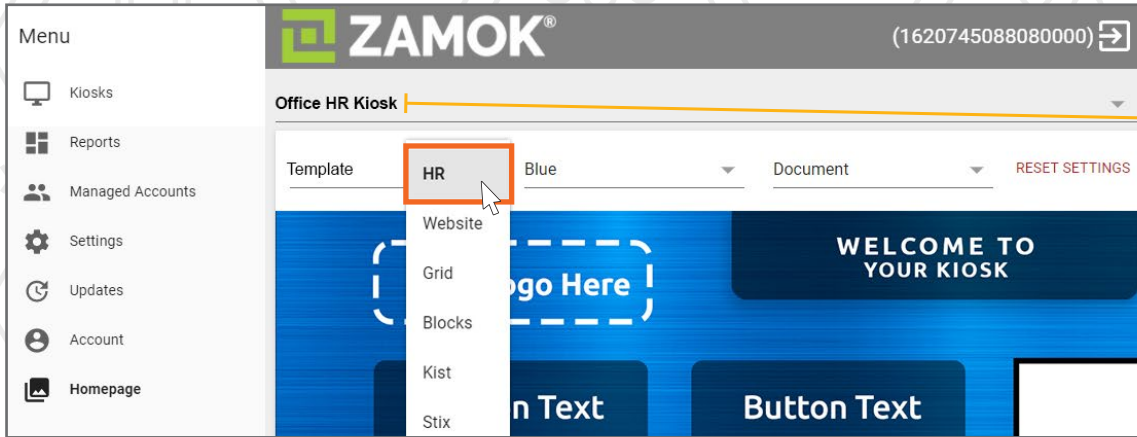

- 4
- From the **Kiosk** dropdown menu, select the kiosk that you would like to edit. Here, we are going to make changes to the "Office HR Kiosk".

It's ok to mess up! You can always **reset your settings**. Be sure to click **save** after making changes.

5 From the **Template** dropdown menu, select the **HR** option.

The Kiosk dropdown menu always displays which kiosk you're working on. You can easily toggle between kiosks; just remember to save your changes!

6 After choosing your template, the interface preview will appear in the window below.

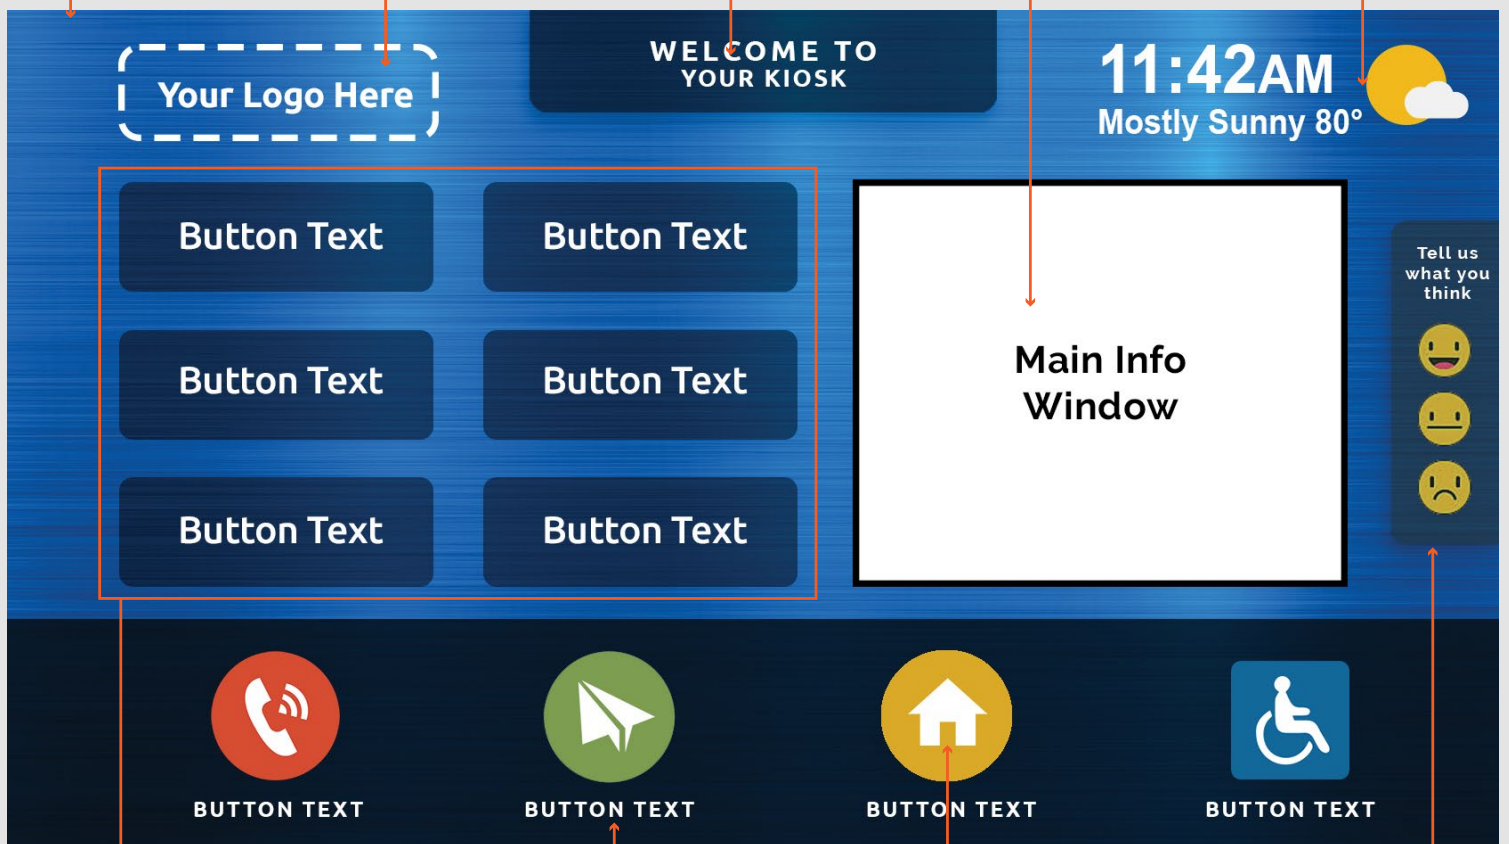

Click + upload background image or change color

Click + upload logo file

Click + edit welcome text

Click + upload files for display in slideshow (1000 x 1000 px)

Click + enter zip code for local time + weather display

Click + program up to 8 buttons

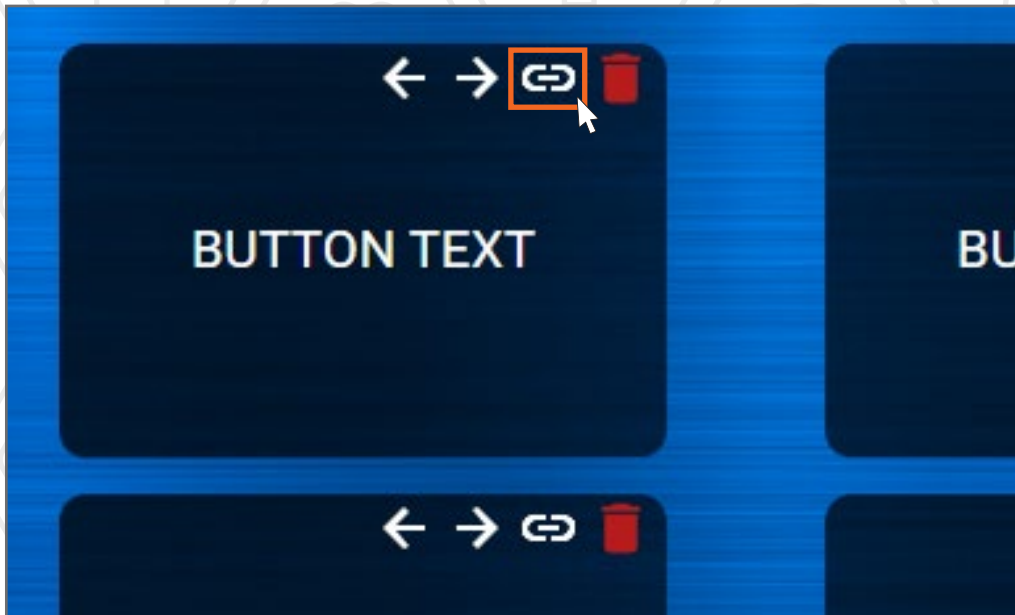

Click + edit button text

Customize buttons with icons for clearer designation

Customize survey questions

PROGRAMMING BUTTONS

- 7 Click the **chain link icon** on the button you'd like to program.

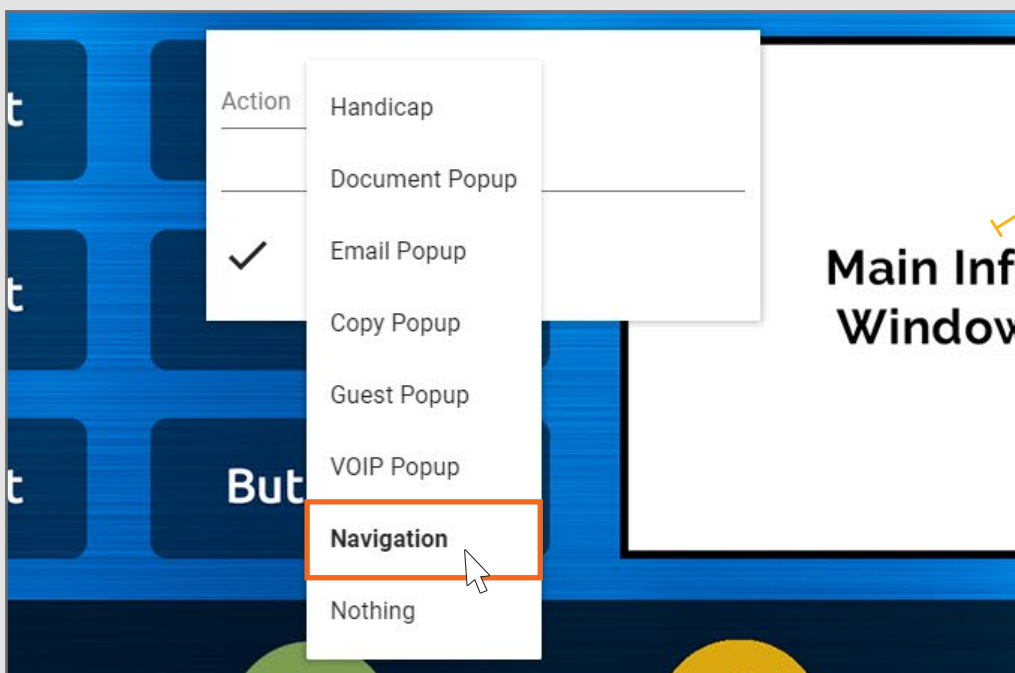

You can easily configure a button to open a webpage, compose an email, scan a document, or place a call.

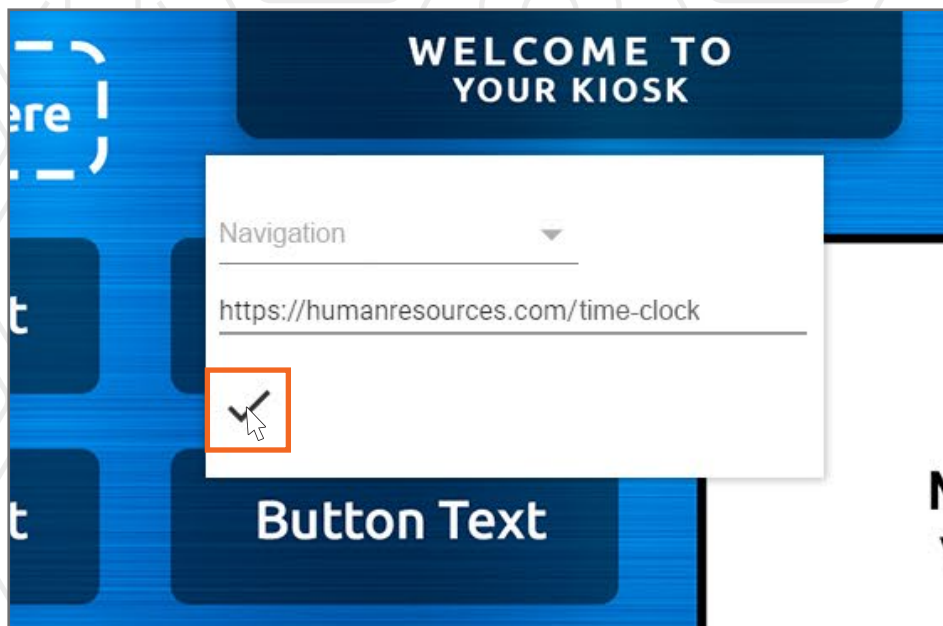

Use the arrow icons next to the chain link icon to easily shuffle buttons around the interface.

- 8 To make a button go to a webpage, select **Navigation** from the dropdown menu.

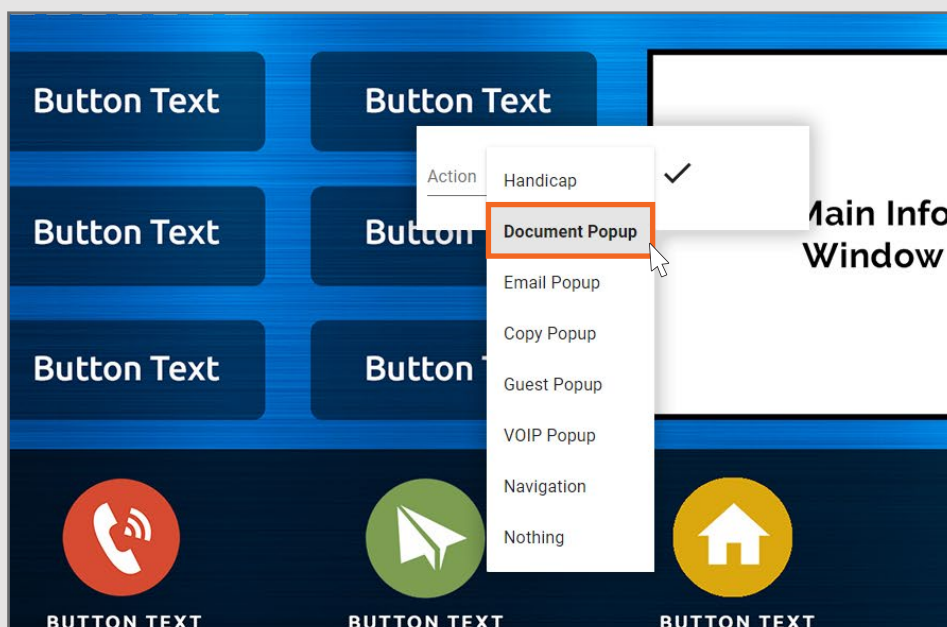

Use the **Main Info Window** for advertisements or to get the word out about events, dates, notices and announcements.

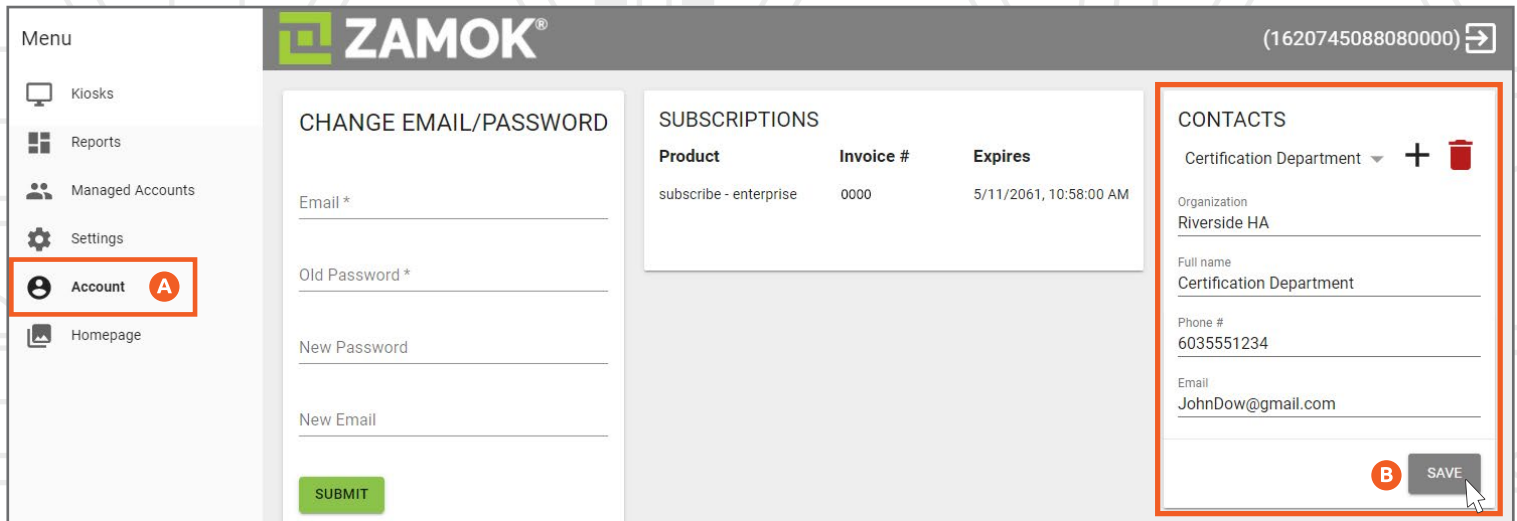

- 9 In new the pop-up window, enter the URL for your desired destination. Click the check mark.

- 10 To assign a different function to a button, select the appropriate option from the dropdown menu. Follow the on-screen instructions.

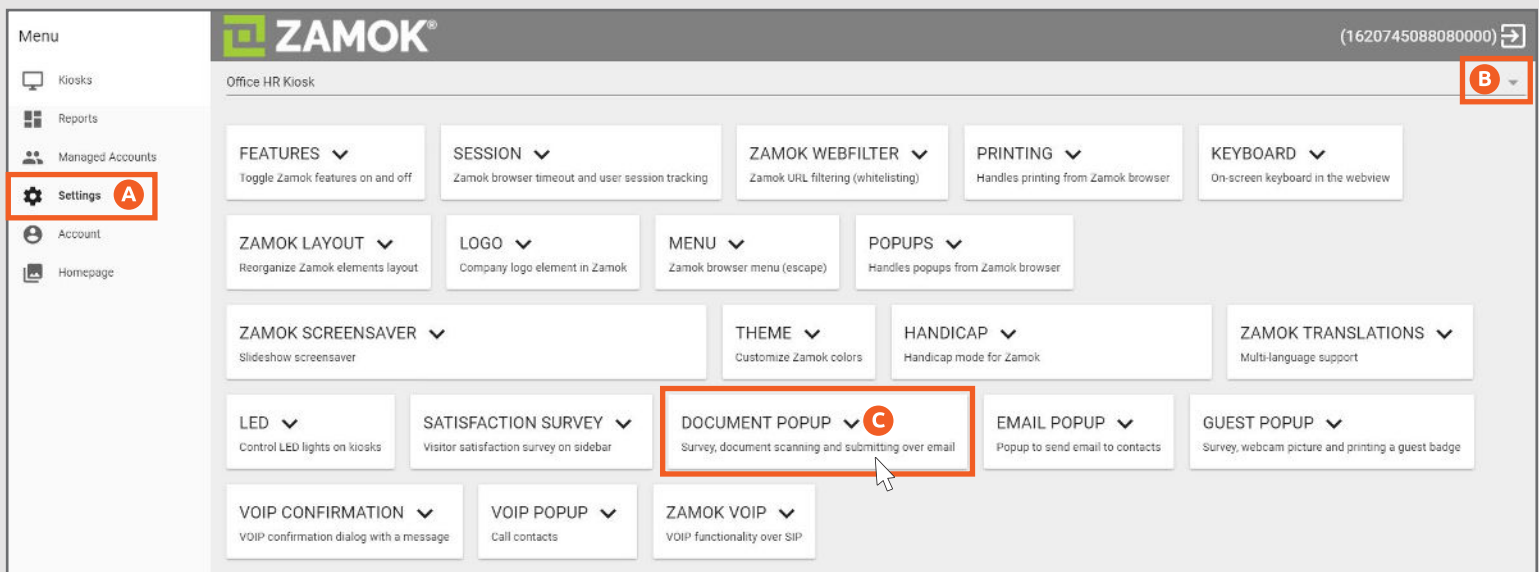

- 11** To configure document scanning, a contact must be created to receive the scanned images.
- A** In the sidebar menu, click **Account**. **B** Enter contact information in **Contacts** window and click **Save**.

The screenshot shows the ZAMOK user interface. On the left is a sidebar menu with options: Kiosks, Reports, Managed Accounts, Settings, **Account** (highlighted with a red box and letter A), and Homepage. The main content area has a header with the ZAMOK logo and a user ID (1620745088080000). Below the header are three sections: 'CHANGE EMAIL/PASSWORD' with fields for Email, Old Password, New Password, and New Email; 'SUBSCRIPTIONS' with a table showing Product (subscribe - enterprise), Invoice # (0000), and Expires (5/11/2061, 10:58:00 AM); and 'CONTACTS' (highlighted with a red box). The 'CONTACTS' section contains fields for Organization (Riverside HA), Full name (Certification Department), Phone # (6035551234), and Email (JohnDow@gmail.com). A 'SAVE' button (highlighted with a red box and letter B) is at the bottom right of the 'CONTACTS' section.

- 12** To assign a scanner to a button: **A** Select **Settings** from the sidebar menu. **B** Select your kiosk from the dropdown menu at the top of the screen. **C** Click the arrow next to **Document Popup**.

The screenshot shows the ZAMOK Settings interface. On the left is a sidebar menu with options: Kiosks, Reports, Managed Accounts, **Settings** (highlighted with a red box and letter A), Account, and Homepage. The main content area has a header with the ZAMOK logo and a user ID (1620745088080000). Below the header is a dropdown menu for selecting a kiosk (highlighted with a red box and letter B). The main content area is a grid of settings cards: FEATURES, SESSION, ZAMOK WEBFILTER, PRINTING, KEYBOARD, ZAMOK LAYOUT, LOGO, MENU, POPUPS, ZAMOK SCREENSAVER, THEME, HANDICAP, ZAMOK TRANSLATIONS, LED, SATISFACTION SURVEY, **DOCUMENT POPUP** (highlighted with a red box and letter C), EMAIL POPUP, GUEST POPUP, VOIP CONFIRMATION, VOIP POPUP, and ZAMOK VOIP.

- 13 Configure questions and answers to be used in the scan dialog using the images below as a model.

ADD ANSWER

Questions act as prompts within the scanning process. You can choose text-based answers or multiple choice style with a dropdown list or standalone buttons.

Questions are listed in chronological order and determine the steps of the scan routine. You can change the order using the arrows or remove a question with the trash can icon.

- 14 **A** Confirm that “Send your documents” is the last question listed. **B** Be sure that you have the appropriate contacts listed and checked. **C** When finished, click **Save**.

CUSTOMIZING YOUR HOMEPAGE

- 13** To change your background image, select the media icon. Select **Upload File**.

- 14** To change your logo, repeat instructions from step 13 using the icons visible over the **Your Logo Here** graphic.

Upload any image file to customize your interface background.

Use an image file of your company logo to apply your branding to the kiosk interface.

Once you have finished customizing your interface, be sure to click **SAVE**. Don't forget, you can always click **RESET SETTINGS** to start back at square one.
