Last Revised 5/11/2023

Advanced Kiosks
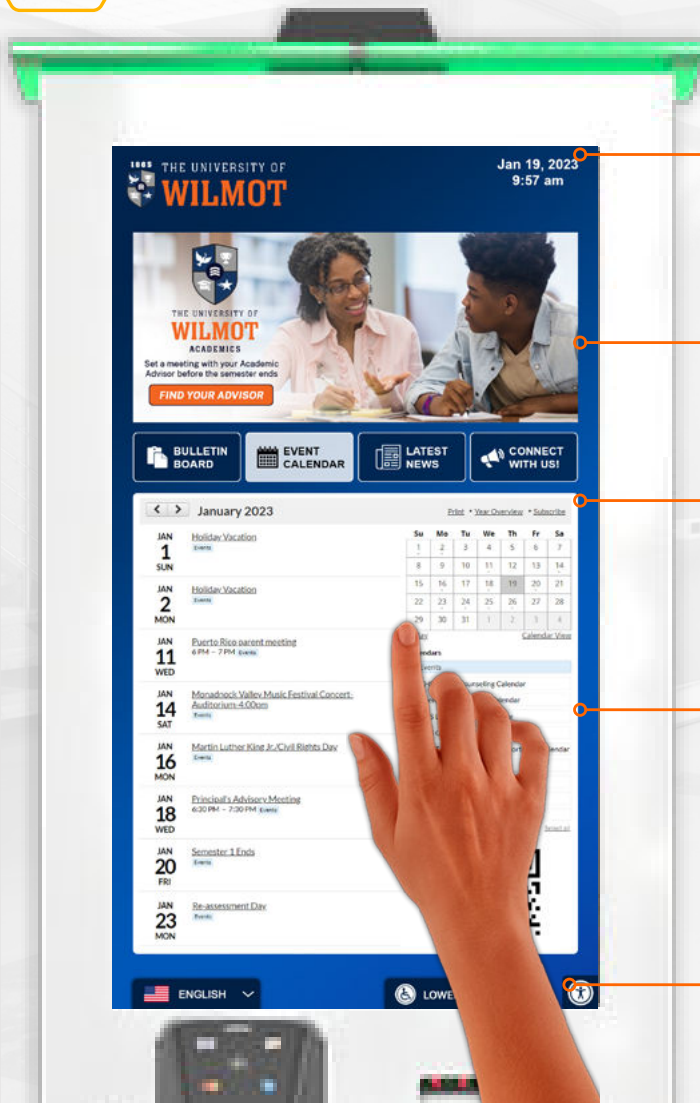

SOFTWARE

Customize the computer kiosk interface to match the needs of your school.

LOCATION INFO
Users are presented with helpful location-based information including date, time and weather forecasts.

FULLY CUSTOMIZABLE INTERFACE
Add your school's logo, branding, colors, and unlimited images or videos to your media library.

CONFIGURABLE BUTTONS
Add and remove buttons as desired with full control of shape, size and color. Choose from a list of convenient & powerful features to offer your users.

MAIN CONTENT DISPLAY WINDOW
Interactive content is displayed in a large window that will rotate while not in use for added engagement. Content is updated realtime directly from your desktop.

ADA ACCESSIBILITY
Offer your users advanced accessibility features such as a translation menu, a lower menu to accomodate reach limitations, and a special menu design for visual impairment.

Our School Spirit Interactive Kiosk features Advanced Kiosks' **ZAMOK Kiosk Management Software**, giving you the power to do more with your self service interactive kiosks.

ZAMOK®
KIOSK MANAGEMENT SOFTWARE

- ✓ Customizable interface
- ✓ Remotely modify content from anywhere
- ✓ Manage all kiosks in one convenient dashboard
- ✓ Notifications sent to your cell phone or inbox in case of a problem
- ✓ Automated weekly reports with statistics
- ✓ Secure Kiosk access

HARDWARE

Our recommended kiosk models feature large, engaging interactive touchscreens that attract users no matter where they are placed.

MERCHANT MAX

32" PORTRAIT
INDOOR

The thin, sleek profile and large touchscreen monitor offer a refined, yet bold aesthetic.

Full system starts at:

$12,561.00

MONOLITH

43" PORTRAIT
INDOOR / OUTDOOR

With its exceptionally large monitor, the Monolith demands attention in any setting.

Full system starts at:

$15,638.00

All product offerings include 1 year of Zamok Kiosk Software subscription (billed annually) with onboarding. Shipping & custom work not included.

FEATURES & BENEFITS

Features designed to promote engagement from students, parents and staff alike.

EVENT CALENDAR

Keep students and parents informed on what's happening around campus. Provide schedules for a sporting events and other activities, list holidays and vacation dates, and offer filtering and sorting capabilities.

BULLETIN BOARD

Provide a centralized electronic bulletin board for students and faculty to access. Offer tutoring services or list study groups. Post requests for rides to school or extracurricular events. Advertise clubs or other activities.

REPORTS & NOTIFICATIONS

The kiosk communicates with you with helpful realtime notifications regarding status updates, network errors and more. Kiosk administrators are automatically sent weekly usage reports containing helpful statistics to ensure the kiosk is being deployed and utilized as intended.

RSS FEEDS

Plug the RSS feed from your school website or any into the interface for a way to keep everyone in the school up-to-date on news and other important information.

QR CODES: SOCIAL MEDIA & BUILDING WIFI

QR codes make it easy for students, faculty, and visitors access WiFI or to follow and engage with your school on social media. Users simply snap a picture of the QR code with their phone and they are instantly taken to your social media feed.

CAMPUS MAPS & WAYFINDING

Students, parents and visitors can conveniently access directions as needed with interactive map programs or custom map images.

TROPHY CASE

Create a virtual environment to show off your school's trophies, awards and accomplishments without having to dedicate space to a dusty old trophy case that no one will notice.

TRANSLATION

Translation services can be accessed on demand for students or parents with limited command of English. Customize your own translation menu and the kiosk interface will be translated with the touch of a button. Hundreds of languages are supported.

ADA ACCESSIBILITY

The School Spirit Interactive Kiosk's user interface provides support for users who need assistance. Customize your accessibility menu to include screen and text enlargement as well as contrast changes. Offer a special menu located at the bottom of the screen to accomodate reach limitations.
